Work Experience

Penetration Testing Training

**June 2024 –
November 2024**

Digital Egypt Pioneers Initiative

We got training which concentrated on:

- Intro to Penetration Testing Red Team Operations.
- Linux RedHat Admin 1.
- Reconnaissance.
- Scanning Research.
- Gaining Access.

GitHub User Study 2024

**21 July 2024 – 23 July
2024**

Freelance

- I have collaborated on completing GET and POST endpoints for the restaurant reviews API of a fictional restaurant chain.
- The project was done using Python.

Android Open Source Project Maintainer

2021 - Present

I collaborate in my free time on some Open-Source projects as AOSP custom ROMs and kernels. I have been maintaining EvolutionX custom ROM officially since 2022

Frontend Developer

2021 – 2022

I practiced the basics of Front-End Development using HTML, CSS, and basic JavaScript on FrontEnd Masters.

Education

Computer Science Undergraduate

2022 – 2026

October 6 University

- 3rd year student - Network Department.
- GPA: 3.8/4 (Excellent).
